- SAS/IML[®] software
- SAS/INSIGHT[®] software
- SAS/IntrNet[™] software
- SAS/MDDDB[®] server
- SAS/SHARE[®] software

Your agreement:

- You will pay £720 including taxes for your questions to be answered for 1 calendar month from the day your payment is received.
- You can specify up to 5 of your email addresses that can be used to send your questions, either directly or via the web site to sas.answers@hollandnumerics.com, but these must all be specified with your order to make sure your specified users can all start using the service immediately.
- Each of your questions should normally require no more than 1/2 hour to answer.
- Only 1 question from you in any of your emails is recommended, which ensures that the answers to all of your questions are never delayed unnecessarily.
- No limit is currently in force on how many of your questions can be asked in 1 calendar month.
- Your answer will be sent back to whichever of your email addresses was used to send your question.
- No data processing can be carried out for you. However, you can send a small sample dataset (<50kb) attached to your questions emailed directly, although not to your questions emailed via the web site.
- Every effort will be made to send an answer to your question back to you within 48 hours of receipt of that question.
- Unfortunately, Holland Numerics Limited cannot accept responsibility for any problem caused by the implementation or operation of your code that you have not thoroughly tested and approved.
